There are four sizes of Aqua-Tech filters:,and The model titles reflect the number of gallons the filter is designed to maintain. Step 3 Install the filtration system on the side or end of the tank making sure that the suction tube is fully submerged in the water. Industry leading photographic accessories for photographers. The AQUATECH FILTER is found at Wal*Mart, and comes included in their 5 gallon starter kit. The filter is a hang on back filter, and states that it is appropriate for a 5 to 15 gallon tank. It uses a filter cartridge with a small amount of activated carbon (like most HOB filters). Both the Aquajet RV and ES Series include a fuse-holder. It is important to use only a 15 amp AGC automotive type fuse for the Aquajet RV Series and a 10 amp AGC fuse for the Aquajet ES Series. Once again, use only these types of fuses with these specific pumps. Page 3 A screen-filter should always be used between the RV water tank and the pump. Source(s): aqua tech power filter 5 15 troubleshooting: izhelnir.ru 0 0. Rachel Small. 7 years ago. Mine is doing this too (or actually, it is not doing it) and it is the second one in two days - not looking forward to slogging through the snow to get yet a third filter that may not work. I'm not happy with Aqua Tech.
